I'm a dedicated frontend developer with around three years of experience, having developed a wide range of frontend skills that enable me to adapt to diverse project needs. Passionate about frontend development, I excel in interpersonal communication, time management, and problem-solving. I take pride in delivering high-quality solutions that enhance user experiences. I'm currently seeking challenging opportunities to leverage my expertise and contribute effectively to organizational success.

EDUCATION

Computer System Engineering   2017 - 2022

Arab American University

Frontend Course   Sep 2020 - Jan 2021

Knowledge Academy
